

Warning Statement

This offer to Australian investors is a recognised offer made under Australian and New Zealand law. In Australia, this is Chapter 8 of the Corporations Act 2001 and Regulations. In New Zealand, this is Subpart 6 of Part 9 of the Financial Markets Conduct Act 2013 of New Zealand and the Financial Markets Conduct Regulations 2014 of New Zealand.

This offer and the content of the offer document are principally governed by New Zealand, rather than Australian, law. In the main, the Financial Markets Conduct Act 2013 of New Zealand and the Financial Markets Conduct Regulations 2014 of New Zealand set out how the offer must be made:

- there are differences in how securities and financial products are regulated under New Zealand, as opposed to Australian, law. For example, the disclosure of fees for managed investment schemes is different under New Zealand law;
- the rights, remedies and compensation arrangements available to Australian investors in New Zealand securities and financial products may differ from the rights, remedies and compensation arrangements for Australian securities and financial products;
- both the Australian and New Zealand securities regulators have enforcement responsibilities in relation to this offer. If you need to make a complaint about this offer, please contact the Australian Securities and Investments Commission (ASIC). The Australian and New Zealand regulators will work together to settle your complaint;
- the taxation treatment of New Zealand securities and financial products is not the same as that for Australian securities and products;
- if you are uncertain about whether this investment is appropriate for you, you should seek the advice of an appropriately qualified financial advisor;
- the offer may involve a currency exchange risk. The currency for the security or financial product is in dollars that are not Australian dollars. The value of the security or financial product will go up and down according to changes in the exchange rate between those dollars and Australian dollars. These changes may be significant;
- if you receive any payments in relation to the security or financial product that are not in Australian dollars, you may incur significant fees in having the funds credited to a bank account in Australia in Australian dollars.

Australian Complaints

The Manager has established special procedures for dealing with complaints from Australian investors. If you have a complaint, you can contact the Manager during business hours (please see contact details on page 12 of this PDS). The Manager will use reasonable endeavors to deal with and resolve the complaint within a reasonable time.

If you are not satisfied with the outcome, your complaint can be referred to the Financial Ombudsman Service Limited (FOS), an approved dispute resolution scheme of which the Manager is a member. FOS's contact details are set out below. FOS's role and terms of reference are specified in FOS's Rules available from their website at fos.org.au

Financial Ombudsman Service Limited
GPO Box 3
Melbourne VIC 3001
Australia

Telephone: **1800 367 287**

Email: **info@fos.org.au**

FOS will not charge a fee to any complainant to investigate or resolve a complaint.

PRODUCT DISCLOSURE STATEMENT

Offer of membership in the
IVCM (NZ) PIE Superannuation Fund

3 July 2020

Issuer and Manager: Ranfurly Strategic Limited

This document replaces the Product Disclosure Statement dated 07 August 2019

This document gives you important information about this investment to help you decide whether you want to invest. There is other useful information about this offer on disclose-register.companiesoffice.govt.nz. Ranfurly Strategic Limited has prepared this document in accordance with the Financial Markets Conduct Act 2013. You can also seek advice from a financial adviser to help you to make an investment decision.

1

Key information summary

What is this?

This is a managed investment scheme. Your money will be pooled with other investors' money and invested in various investments. Ranfurly Strategic Limited (**Ranfurly, we, us and our**) will invest your money and charge you a fee for its services. The returns you receive are dependent on the investment decisions of Ranfurly and the performance of the investments. The value of those investments may go up or down. The types of investments and the fees you will be charged are described in this document.

This offer may involve a currency exchange risk. All investment options are in currencies other than New Zealand (**NZ**) dollars (**NZD**). Contributions will be exchanged into the currency of the investment option you've chosen at the prevailing exchange rate. This change in currency may be significant.

If you expect to be paid a withdrawal in NZD, the value of your investment will go up or down according to changes in the exchange rate between the investment option you've invested in and NZD. This change in currency may be significant and you may also incur significant bank fees.

What will your money be invested in?

IVCM (NZ) PIE Superannuation Fund (**Scheme**) offers three investment options. These investment options are summarised on page 3.

 More information about the investment target and strategy for each investment option is provided on page 7.

Who manages the Scheme?

Ranfurly is the manager of the Scheme.

 See page 12 for more information.

How you can get your money out?

The Scheme is a Qualifying Recognised Overseas Pension Scheme (**QROPS**) which means it can accept money transferred from UK pension funds. The circumstances in which you are able to make a withdrawal are different for money transferred from a UK pension fund including any investment return or loss on that money (**UK Pension Transfer Money**) than for other contributions and transfers you make to the Scheme (**Other Contributions**).

Generally, you cannot withdraw your money until the earlier of the date you turn 55 in the case of UK Pension Transfer Money, and in the case of Other Contributions

a) End Payment Date - When you reach the NZ superannuation qualification age (currently 65)

b) Early Retirement - When you reach an age that is 5 years before the NZ superannuation qualification age

c) Transition to Retirement - When you reach an age that is 10 years before the NZ superannuation qualification age and the withdrawals are made through periodic payments over an identifiable period of time.

In limited circumstances, you may be able to withdraw some, or all, of your retirement savings early.

 See page 5 for more information.

How will your investment be taxed?

The Scheme is a Portfolio Investment Entity (**PIE**).

The amount of tax you pay in respect of a PIE is based on your Prescribed Investor Rate (**PIR**). This can be 0%, 10.5%, 17.5% or 28%.

 See Section 6 of the PDS (what taxes will you pay?) on page 11 for more information.

Where can you find more key information?

Ranfurly is required to publish quarterly updates for each fund. The updates show the returns, and the total fees actually charged to investors, during the previous year. The latest fund updates are available at **ivcm.com**. The manager will also give you copies of those documents on request.

Our Funds

Fund	Description and investment strategy	Investment objectives Seeks to track a composite index (before the annual fund charge and tax), comprising:	Risk indicator*	Estimated annual fund charge percentage of the net asset value of each fund
IVCM Vanguard LifeStrategy 40% Equity Fund	Great British Pounds (GBP) denominated fund employing a passive management strategy invested 40% in growth assets (international fixed interest), with a 60% exposure to income assets (international fixed interest).	40% MSCI World Index net div (GBP) and 60% Bloomberg Barclays Global Aggregate Index (GBP hedged).		1.31%
IVCM Vanguard LifeStrategy 60% Equity Fund	Great British Pounds (GBP) denominated fund employing a passive management strategy invested 60% in growth assets (international equities), with a 40% exposure to income assets (international fixed interest).	60% MSCI World Index net div (GBP) and 40% Bloomberg Barclays Global Aggregate Index (GBP hedged).		1.31%
IVCM Vanguard Conservative Index Fund	Australian Dollars (AUD) denominated fund employing a passive management strategy invested 30% in growth assets (International equities) and 70% in income assets (international fixed interest and cash and cash equivalents)	12% S&P/ASX 300 (AUD), 18% MSCI World ex-Aus net div (AUD), 60% Bloomberg Barclays Global Aggregate Float Adjusted Index (NZD hedged), and 10% Bloomberg AusBond Bank Bill Index.		1.38 %

Important - Other Charges

- A 'one-off' establishment fee of NZD \$495 applies when you join the Scheme.
- At your request, we will deduct a financial adviser fee that you agreed between you and your financial adviser
- A withdrawal fee of:
 - o Between 0 to 1 years of joining the Scheme – 3% of the amount withdrawn;
 - o Between 1 to 2 years of joining the Scheme – 2% of the amount withdrawn;
 - o 3 years and above of joining the Scheme – 1% of the amount withdrawn.

If you are taking a regular 'income for life' payment, you will not be charged a withdrawal fee

- All fees include GST (if applicable).

See page 10 for more information

* As all the funds have not been in existence for five years, the risk indicator is based on actual investment returns from 1 August 2017 to 31 March 2020 and market returns data from 01 April 2015 to 31 July 2017. As a result of this, the risk indicator may provide a less reliable indicator of the potential future volatility of the funds.

See pages 8 to 9 for an explanation of the risk indicator and for information about other risks that are not included in the risk indicator. To help you clarify your own attitude to risk, you can seek financial advice or work out your risk profile at sorted.org.nz/tools/investor-kickstarter.

2

How does this investment work?

This Scheme is a trust, registered under the Financial Markets Conduct Act 2013 as a superannuation scheme. The Scheme assets are held by the custodian and are separate from the assets of Ranfurly.

The Scheme is designed to help you save for your retirement and pays you a benefit when you retire or as part of a transition to retirement. In limited circumstances, you may be able to withdraw some, or all, of your retirement savings early.

The Scheme is also a QROPS. This means you can transfer money from UK pension funds into the Scheme. The Scheme has elected to be Foreign Investment Zero-rate PIE. If you're a non-NZ resident or a transitional resident, you'll be able to elect to have a 0% PIR.

See page 11 for more information.

The significant benefits of the Scheme

As your retirement savings are pooled with the savings of other members, you can benefit from:

If you're a non-NZ resident you'll be able to elect to have a 0% PIR.

You can transfer money from UK pension funds into the Scheme.

We've adopted a 'passive' index approach to investing using low cost index funds.

Experienced investment managers with a long history of performance.

What is a fund?

A fund is a pool of money made up of the retirement savings of the members invested in that fund. A fund invests in one or more specified asset classes, with the aim of growing the retirement savings in your account over time.

The Scheme has three funds, each with different levels of risk and expected return.

The assets of one fund are available to be applied to meet the liabilities of any other fund.

How your retirement savings are invested in a fund?

Your retirement savings are invested in a fund, or funds, of your choice.

If you invest in a currency other than the currency of the fund you've chosen we'll exchange your contribution into the currency of the fund you've chosen on the date your application is accepted at the prevailing exchange rate. The exchange rate may be different than at the time we received any additional investment.

Every time a contribution is made to your account, you receive units in the fund, or funds, you're invested in. The number of units you receive depends on the price of the units at the time of the contribution. The price of a unit depends on the value of the fund. The number of units you have, when multiplied by the unit price, represents the value of your retirement savings in a fund, not including unpaid tax or tax rebates.

The savings in your account grow when your fund's unit price increases. This will happen when the assets that the fund invests in increase in value. Of course, your savings can also go down when the assets the funds invest in, decrease in value – although the aim over the long term is to achieve a positive return in most years.

How do I choose a fund?

You decide which of the funds your retirement savings are invested in.

If you need help choosing a fund, you can seek financial advice or work out your risk profile at sorted.org.nz/tools/investor-kickstarter.

Joining the Scheme

Membership is open to anyone.

Complete the application form at the back of the PDS.

You choose how much to invest, there are no minimum investment amounts. You are not required to make ongoing payments on specified dates or at any specified frequency.

Making investments

After you have made your initial contribution, you can make an additional investment (i.e. regular or lump-sum contribution) at any time. You choose how much to invest, there are no minimum investment amounts.

you can make an additional investment at ivcm.com.

We may change the requirements regarding regular or lump-sum contributions (such as imposing minimum additional investment amounts) at any time without notifying you.

Withdrawing your investments

The Scheme is designed to help you save for your retirement.

The circumstances in which you're able to make a withdrawal are different for UK Pension Transfer Money than for Other Contributions. These are detailed below.

Once eligible, you can make a withdrawal in NZD, AUD or GBP. If you request a payment in a currency other than the currency of the denominated fund you've invested in, we'll exchange the withdrawal amount on the date your withdrawal is approved at the prevailing exchange rate. The exchange rate may be different than at the time we pay your withdrawal. You may also incur bank fees in having the money paid in a different currency to the one you were invested in.

UK Pension Transfer Money

You can make a withdrawal of your UK Pension Transfer Money when you reach the UK normal minimum pension age (currently age 55). You may also be able to withdraw your UK Pension Transfer Money if you meet the ill health conditions under UK law; you will need to provide medical evidence to help us determine whether you meet the relevant criteria. We'll decline any request to withdraw UK Pension Transfer Money if it is not in the best interest of the Scheme or its members.

There are also limits on how much you can withdraw from your UK Pension Transfer Money:

- a) If the relevant UK pension fund requires some or all of the money to be paid to you as an 'income for life', that requirement will be applied to the transferred amount; or
- b) If there is no such requirement, you can choose to either:
 - i) Have 70% of the transferred amount (or such other amount, which can be less) to be paid to you as an 'income for life' and the remaining amount, plus any investment earnings, can be withdrawn as a lump sum; or
 - ii) Withdraw the full amount as a lump sum.

When making lump sum withdrawals, you can either withdraw everything or keep your money invested and make partial lump sum withdrawals when you want to.

Other Contributions

For Other Contributions you generally cannot withdraw your money until the earlier of:

- a) End Payment Date** - When you reach the NZ superannuation qualification age (currently 65)
- b) Early Retirement** - When you reach an age that is 5 years before the NZ superannuation qualification age
- c) Transition to Retirement** - When you reach an age that is 10 years before the NZ superannuation qualification age and the withdrawals are made through periodic payments over an identifiable period of time.

Early withdrawals are permitted in some limited circumstances including for significant financial hardship, serious illness and death. We may also be required to release some or all of your money in accordance with the provisions of any law, or under a Court order.

Your withdrawal amount will be determined using the unit price applying on a day no later than the next valuation day after your withdrawal request is approved. Valuation day is currently weekly on a Wednesday.

We may, with the approval of Public Trust, defer (delay) processing withdrawal or transfer requests. We'll notify you if you're affected by a deferral.

Transfers

Unless a deferral is in effect, you can transfer any non-UK Pension Transfer Money to another superannuation scheme, a KiwiSaver scheme or an equivalent overseas retirement scheme (each a **Permitted Scheme**) at any time. You may also be able to transfer UK Pension Transfer Money to a Permitted Scheme, if the Permitted Scheme is a QROPS.

If required we'll exchange your money into NZD at the prevailing exchange rate before transferring it to a Permitted Scheme. Restrictions or significant tax consequences may apply if you wish to transfer UK Pension Transfer Money to a Permitted Scheme.

See the 'UK tax risk' on page 9. You should seek advice on the tax implications before transferring to a Permitted Scheme.

For more information on withdrawals, see the offer register at disclose-register.companiesoffice.govt.nz (click 'search offers' and search for 'IVCM (NZ) PIE Superannuation Fund').

How to switch between funds

You can switch your retirement savings from one fund to another fund within the Scheme. There are no current restrictions on the switches you can make.

If required, we'll exchange your contribution into the currency of the fund you've chosen at the prevailing exchange rate.

To make a switch complete the 'investment switch form' available at ivcm.com and email the completed form to qropsdealing@ivcm.com

We can set requirements for switching, including minimum switch amounts and restrictions on redirecting contributions to another fund.

We can postpone switches in certain limited circumstances set out in the governing document.

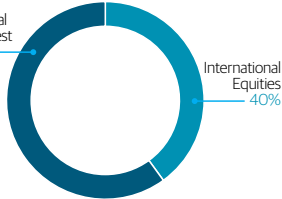

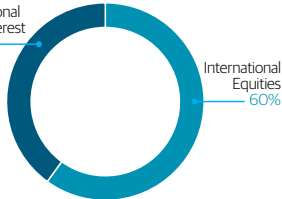

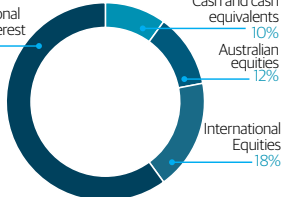

Dealing and Investment Switch instructions

Dealing and investment switch instructions should be emailed to qropsdealing@ivcm.com.

Only instructions sent to this email will be processed, Ranfurly and IVCM accept no liability for losses caused by missing or unprocessed instructions.

3

Description of your investment options

Fund	Description and investment strategy	Target investment mix	Investment objectives	Risk indicator*	Minimum suggested timeframe for holding the investments
IVCM Vanguard LifeStrategy 40% Equity Fund	GBP denominated fund employing a passive management strategy invested 40% in growth assets (international equities), with a 60% exposure to income assets (international fixed interest).		40% MSCI World Index net div (GBP) and 60% Bloomberg Barclays Global Aggregate Index (GBP hedged).		6 years
IVCM Vanguard LifeStrategy 60% Equity Fund	GBP denominated fund employing a passive management strategy invested 60% in growth assets (international equities), with a 40% exposure to income assets (international fixed interest).		60% MSCI World Index net div (GBP) and 40% Bloomberg Barclays Global Aggregate Index (GBP hedged).		7 years
IVCM Vanguard Conservative Index Fund	AUD denominated fund employing a passive management strategy invested 30% in growth assets (International equities) and 70% in income assets (international fixed interest and cash and cash equivalents).		12% S&P/ASX 300 (AUD), 18% MSCI World ex-Aus net div (AUD), 60% Bloomberg Barclays Global Aggregate Float Adjusted Index (NZD hedged), and 10% Bloomberg AusBond Bank Bill Index.		5 years

* As all the funds have not been in existence for five years, the risk indicator is based on actual investment returns from 1 August 2017 to 31 March 2020 and market returns data from 01 April 2015 to 31 July 2017. As a result of this, the risk indicator may provide a less reliable indicator of the potential future volatility of the funds.

Important

- We cannot guarantee that each fund's investment objectives will be achieved
- Further information about the assets in each fund can be found in the fund updates at ivcm.com

More information about how our funds invest

Our Statement of Investment Policy and Objectives (SIPO) contains information about how our funds invest. It details the objectives, strategies, target investment mix and ranges, and underlying investment managers.

We use underlying funds

Our funds invest in underlying funds. The assets of the underlying funds are selected by the underlying fund managers.

We can make changes to our investment options

We can make changes to the SIPO after consulting with Public Trust without letting you know. Material changes to the SIPO will be included in the Scheme's annual report.

The current SIPO is available on the Scheme register at disclose-register.companiesoffice.govt.nz (click 'search Schemes' and search for 'IVCM (NZ) PIE Superannuation Fund').

4

What are the risks of investing?

Understanding the risk indicator

Managed funds in New Zealand must have a standard risk indicator. The risk indicator is designed to help investors understand the uncertainties both for loss and growth that may affect their investment. You can compare funds using the risk indicator.

See page 7 for the risk indicators that apply to each of our funds.

The risk indicator is rated from 1 (low) to 7 (high). The rating reflects how much the value of the fund's assets goes up and down (volatility). A higher risk generally means higher potential returns over time, but more ups and downs along the way.

To help you clarify your own attitude to risk, you can seek financial advice or work out your risk profile at sorted.org.nz/tools/investor-kickstarter.

Note that even the lowest category does not mean a risk-free investment, and there are other risks (described below under the heading 'Other specific risks') that are not captured by this rating.

This risk indicator is not a guarantee of a fund's future performance. The risk indicator is based on the returns data for the 5 years to 31 March 2020. While risk indicators are usually relatively stable, they do shift from time to time. You can see the most recent risk indicator in the latest fund update for each fund.

General investment risks

Some of the things that may cause a fund's value to move up and down, which affect the risk indicator, are:

Investment risks	Description
------------------	-------------

Market risk	Risk that an asset's, or an asset class', market value may change due to a number of factors. These can include changes in the economy, the performance of individual entities, the regulatory environment, investor sentiment, political events, inflation, and interest and currency rates.
-------------	---

The level of market risk a fund is exposed to depends on the asset classes it invests in. For example, equities assets are considered to be more risky than cash and cash equivalents, and fixed interest assets.

Investing in a multi-asset-class fund means poor performance by a single asset class has less impact on your investment. In addition, investment losses from one asset class may well be offset by investment gains from another.

Currency risk	Risk of changes in currency exchange rates. Assets denominated in foreign currencies face currency risk.
---------------	--

For example, for a fund with foreign currency exposure, if the NZD increases in value against a given foreign currency, all else being equal, the NZD value of the fund will fall.

Liquidity risk	<p>Risk that an asset cannot be sold at the desired time (and at recent market value).</p> <p>Such illiquid assets may impact your ability to withdraw, transfer or switch your investment.</p>	UK tax risk	<p>Risk if you have transferred money from a UK pension fund to the Scheme. A transfer or withdrawal of this money from the Scheme may result in a UK tax penalty if you have not been a UK tax non-resident for five (or 10) clear and complete tax years (as applicable) and, if the transferred amount was received by the Scheme on or after 6 April 2017, it has not been invested in the Scheme or another QROPS for five years. The tax penalty may be up to 55% of the amount withdrawn or transferred.</p>
Credit risk	<p>Risk that a borrower may default on their financial obligations or be otherwise unable to meet their financial obligations, either in whole or in part under a contract. The impact of this will be a reduction in the level of returns or the full amount of the investment not being recovered.</p>	<p>There is also a risk that, if you have transferred money from a UK pension fund to the Scheme on or after 9 March 2017 and the transfer was exempt from the UK overseas transfer charge, you may be required to pay the charge in the future if your circumstances change during the first five clear and complete UK tax years following the transfer (for example, if you no longer meet the tax residency requirement). The amount of the charge may be up to 25% of your UK pension transfer money under current laws.</p>	
Interest rate risk	<p>Risk that the funds' investment return will fluctuate as a result of changes in interest rates. The funds' exposure to interest rate risk primarily arises from changes in interest rates applicable to cash and cash equivalents.</p>		

Other specific risks

There are other factors that may impact members' returns and that are not reflected in the risk indicators. These risks are:

Investment risks	Description
Losing QROPS status risk	<p>The Scheme could lose its QROPS status at any time. If QROPS status is lost, a member's UK tax implications may change in relation to their investment in the Scheme and/or future transfers.</p>
Currency risk - contributions and withdrawals	<p>If you make contributions in a currency other than the currency of the fund you've chosen, or you expect the Scheme to pay a withdrawal in a currency other than the currency of the fund you've invested in, your money will be exchanged at the prevailing exchange rate.</p> <p>This change in currency may be significant and you may also incur significant bank fees.</p>

Zero-rate PIE status risk	<p>The Scheme has elected to be a Foreign Investment Zero-rate PIE. If the Scheme loses that status, then the Scheme will be taxed as a Foreign Investment Variable-rate PIE whereby the tax treatment of notified foreign investor unitholders and transitional resident unitholders will differ accordingly.</p>
---------------------------	--

For more information on risks, see the offer register at disclose-register.companiesoffice.govt.nz (Click 'search offers' and search for 'IVCM (NZ) PIE Superannuation Fund').

5

What are the fees?

You will be charged fees for investing in the Scheme. Fees are deducted from your investment and will reduce your returns. The fees you pay will be charged in two ways:

- regular charges (for example, annual fund charges). Small differences in these fees can have a big impact on your investment over the long term;
- one-off fees (for example, the establishment fee).

Annual Fund Charges

Fund	Estimated annual fund charge (percentage of the net asset value of each fund)	Individual action fees
IVCM Vanguard LifeStrategy 40% Equity Fund	1.31%	A 'one-off' establishment fee of NZD \$495 applies when you join the Scheme.
IVCM Vanguard LifeStrategy 60% Equity Fund	1.31%	
IVCM Vanguard Conservative Index Fund	1.38%	

The annual fund charge:

- is made up of our management fee (currently 0.99% of a fund's net asset value) and fees and expenses of underlying funds. We recover the supervisor's annual fee, the custodian's annual fee, the administration manager's annual fee, as part of our management fee. Out of the residual fee we pay the Scheme audit, regulatory, legal fees and other Scheme expenses;
- is calculated as a percentage of the net asset value of the fund;
- includes GST where applicable;
- is calculated weekly and will reduce a fund's unit price (so you won't see the annual fund charge on your annual statement).

Ranfurly has elected to adopt a cap on its annual fund charges. Therefore, the estimated annual fund charge set out in the table above is the most you will pay. However, the actual annual fund charge you pay may be lower than these amounts because, when calculating the cap, we estimated the most we expect to pay for the supervisor's fee, expenses of the funds, and fees and expenses of underlying funds. Ranfurly will bear the cost of any charges to the extent the cap is exceeded.

 You can find more information on our annual fund charge and how it is calculated on the offer register at disclose-register.companiesoffice.govt.nz (Click 'search offers' and search for 'IVCM (NZ) PIE Superannuation Fund').

Individual action fees

You may be charged other fees on an individual basis or for specific decisions or actions as set out below.

Contribution and Termination Fees

We don't currently charge contribution or termination fees (other than as set out under 'withdrawal fees' below).

Establishment Fee

We do charge you a one-off establishment fee of NZD \$495 when you join the Scheme. We deduct the establishment fee before your money is invested in the Scheme. If you're invested in more than one fund, this 'one-off' establishment fee will be deducted from the fund with the highest balance.

Financial Adviser Fee

At your request, we will deduct a financial adviser fee that you agreed between you and your financial adviser for initial advice (generally relating to the transfer of funds to the Scheme) and ongoing advice relating to your investments in the Scheme. This fee will be paid directly to your financial adviser and not to us.

Withdrawal Fee

The Scheme is designed to save for your retirement so we do charge a withdrawal fee of:

- Between 0 to 1 years of joining the Scheme – 3% of the amount withdrawn;
- Between 1 to 2 years of joining the Scheme – 2% of the amount withdrawn;
- 3 years and above of joining the Scheme – 1% of the amount withdrawn.

If you are taking a regular 'income for life' payment, you will not be charged a withdrawal fee.

For more information on fees, see the offer register at disclose-register.companiesoffice.govt.nz (Click 'search offers' and search for 'IVCM (NZ) PIE Superannuation Fund').

Performance-based fees

Performance-based fees are not charged by us or underlying investment managers.

The fees can be changed

We can change fees from time to time, and can introduce new fees provided we notify the supervisor. We won't increase the fee cap for the annual fund charge. The supervisor, with our approval, can also agree to reduce fees under certain circumstances. If we increase fees or introduce new fees, we will let you know.

We must publish a fund update for each fund showing the fees actually charged during the most recent year. Fund updates, including past updates, are available at ivcm.com

Example of how fees apply to an investor

Ben invests \$10,000 in the IVCM Vanguard Conservative Index Fund. He is charged an establishment fee of \$495 and he is not charged a contribution fee.

This brings the starting value of his investment to \$9,505.

He is also charged management and administration fees, which work out to about \$131 (1.38% of \$9,505). These fees might be more or less if his account balance has increased or decreased over the year.

Over the next year, Ben pays other charges of \$0.

Estimated total fees for the first year

Individual action fees:	\$495
Fund Charges:	\$131
Other Charges:	\$0

See the latest fund update for an example of the actual returns and fees investors were charged over the past year.

This example applies only to the IVCM Vanguard Conservative Index Fund. If you are considering investing in other funds or investment options in the Scheme, this example may not be representative of the actual fees you may be charged.

6 What taxes will you pay?

The Scheme is a portfolio investment entity. The amount of tax you pay is based on your prescribed investor rate (**PIR**). To determine your PIR, go to ird.govt.nz/toii/pir/workout/. If you're unsure of your PIR, we recommend you seek professional advice or contact the Inland Revenue Department.

It is your responsibility to tell us your PIR when you invest or if your PIR changes. If you do not tell us, a default rate may be applied. If the advised PIR is lower than the correct PIR, you will need to complete a personal tax return and pay any tax shortfall, interest, and penalties. If the default rate or the advised PIR is higher than the correct PIR, you will not get a refund of any overpaid tax.

The Scheme has elected to be a Foreign Investment Zero-rate PIE. As a result, certain non-resident and transitional resident members will each be able to elect to have a 0% PIR. If this election is validly made and you provide the required information to us, no NZ tax will be payable by the Scheme or you on attributed PIE income while you qualify and you will not be subject to further NZ taxation on withdrawals from the Scheme.

A transitional resident is a new migrant or returning person who has not been resident for tax purposes in NZ for at least 10 years prior to their arrival in NZ. A one-off four-year temporary tax exemption on foreign investment income is available to transitional residents. If this may apply to you, you should consult your tax adviser.

Transitional residents should advise us once their four year temporary tax exemption is about to expire, and elect a new PIR to apply to their changed circumstances. Tax will be payable on your attributed Scheme income from the beginning of the next NZ tax year.

Tax losses or tax credits allocated to the funds are not available to notified foreign investor unitholders and transitional resident unitholders with a 0% PIR.

Non-NZ residents may have tax obligations in their country of residence and should seek tax advice.

7

Who is involved?

About Ranfurly

Ranfurly is the manager of the Scheme and are responsible for its management. You can contact us at:

Email: **IVCM@ranfurlystrategic.nz**
 Telephone: **+64 3 928 1440**

Ranfurly Strategic Limited

Level 1, Awly Building
 293 Durham Street
 Christchurch 8013

Where you can find more information

Further information about the Scheme is available:

On our website

Valuable information and resources to help you manage your account, including forms, online tools, fund performance, unit prices, market reviews and fund updates.

ivcm.com

On Disclose

Disclose is a website that contains two registers – an offer register and a scheme register. These registers include current information on the Scheme, including the governing document, financial statements, SIPO and PDS. Search 'IVCM (NZ) PIE Superannuation Fund' on both the offer and scheme registers.

disclose-register.companiesoffice.govt.nz

You can make a request to the Registrar of Financial Service Providers for a copy of the information on Disclose. You can contact them by:

Telephone: 03 962 6162

Registrar of Financial Service Providers
c/- The Companies Office
135 Albert Street
Auckland 1010

You can also obtain a copy of this information free of charge by contacting us.

7. Client Due Diligence

Documents to be submitted

(tick box to indicate that each document is attached)

CERTIFIED COPY PASSPORT

Provide an original certified copy of your passport. The copy must be certified by a suitable certifier such as a member of the judiciary, police or customs officer, notary public, actuaries and accountants who are members of a professional body. The certifier must sign and date the copy, printing his/her name, position and the date below their signature as well as their full contact details.

CERTIFIED COPY PASSPORT ATTACHED

Suitable certification wording for a passport is: "I certify that I have seen the original document and that this copy is a complete and accurate copy of that original, which in itself shows a true likeness of the individual who I have met. I further certify that I am a person authorised to make a declaration in the country I live and I am not closely related to the person whose document I am certifying."

ELECTRONIC VERIFICATION

I hereby agree to the payment of a fee of \$5 NZD for electronic verification of my identity

Passport Type (e.g UK, New Zealand)

Passport Number

Drivers Licence Number

ADDRESS VERIFICATION

We will require a utility bill to verify your address. This must be no more than three months old and must be either an original utility bill or a copy of an original certified by a suitable certifier as detailed in the Introducer Agreement.

UTILITY BILL ATTACHED

Suitable certification wording for a utility bill

Suitable certification wording is: "I certify that this is a true copy of the original document which I have seen."

DUE DILIGENCE QUESTIONS

If you answer 'Yes' to any of the questions in this section, please give full details on a separate sheet.

Have you ever been subject to a tax investigation by any authority in the world?

YES NO

(if 'Yes' what was the outcome?)

I confirm that the information is correct to the best of my knowledge and belief. I also confirm that I am acting in my personal capacity and not on behalf of any third party.

Source of Funds

Complete this question if you are making cash contributions.

From which source did the funds to be invested originate?

Details of professional adviser

Full name

Firm

Address

Telephone number

Email

Fax number

Do you want to authorise your Adviser to make investment selections on your behalf?

YES NO

Will commissions be payable to the Adviser?

YES NO

Initial (7% YES) or other %

Annual (0.5% YES) or other %

Adviser signature

FATCA

Are you a US citizen or resident of the US for tax purposes?

Choose ONE of the following:

- I am not a US citizen or tax resident
- I am a US citizen or tax resident and my US Tax Information Number (TIN) is: _____

I agree that Ranfurly Strategic Limited (Ranfurly) or any of their authorised agents (each an "Authorised Person") may collect and use the information set out in (or in connection with) this Application Form for the purpose for which it is provided. Each Authorised Person will hold the information securely and may use it in developing and running IVCM (NZ) PIE Superannuation Fund. I may ask any Authorised Person, in writing, to show me the personal information it holds about me to make corrections to it. The information set out in this Form will be collected and held by IVCM (NZ) PIE Superannuation Fund whose address is Level 1, Awly Building, 293 Durham Street, Christchurch 8013, New Zealand.

- I wish to apply for membership of the IVCM PIE (NZ) Superannuation Fund (Scheme). I confirm that I have received, read and understood the current Product Disclosure Statement (PDS). I agree to be bound by the terms and conditions set out in the PDS and Trust Deed (as amended from time to time), governing the Scheme.
- The Scheme is designed to help you save for your retirement. I understand that the Scheme is also a Qualifying Recognised Overseas Pension Scheme (QROPS) which means it can accept money transferred from UK pension funds. The circumstances in which you are able to make a withdrawal are different for money transferred from UK pension funds including any investment return or loss on that money (UK Pension Transfer Money) than for other contributions and transfers you make to the Scheme (Other Contributions). Generally you can't withdraw your money until the earlier of the date you turn 55 in the case of UK Pension Transfer Money, and in the case of Other Contributions:
 - a) The date you turn 65;
 - b) The date you turn 60, if the supervisor of the Scheme, is reasonably satisfied you've permanently retired from business or employment;
 - c) The date you turn 55, as part of transition to retirement.

- I acknowledge that I may be liable to pay a Post Overseas Transfer Charge if my circumstances change within five full UK tax years following receipt of the transfer amount from the UK Pension Fund. I confirm I indemnify the Manager from any such charge and further confirm that I will notify the Manager in writing if I change my country of residence within those five years. The amount of the charge may be up to 25% of my UK Pension Transfer Money. I acknowledge that the Manager may be required to deduct the charge from my investment and pay it to Her Majesty's Revenue and Customs (HMRC) on my behalf.

- I acknowledge and agree that:
 - o Investments made in the Scheme do not represent liabilities of Ranfurly or Public Trust, and are subject to investment risk, **including the possible loss of income and principal invested.**

- o Ranfurly or Public Trust may realise or otherwise deal with my investment in order to meet payment of any amount properly debited from my member account in the Scheme.
- o Ranfurly or Public Trust and any of their authorised agents, the New Zealand Government or any other person **does not guarantee** (either fully or in part) the performance or returns of the Scheme or the repayment of capital.
- o All of the information in this application form is true and correct. I agree to notify Ranfurly or any of its authorised agents immediately if there is any change in the information given in this application form.
- o Choosing an investment fund (or funds) or an investment option is solely my responsibility. My investment fund(s) selection is a binding instruction from me to Ranfurly or any of its authorised agents.
- o Ranfurly or any of its authorised agents have not represented or implied that any particular investment fund or investment option is appropriate for my particular circumstances or provided me with personalised advice.
- o If a transaction request is invalid or if insufficient information is provided it will not be processed until valid documentation is received.
- o I consent to receiving all information and communications to be provided to me in relation to my membership of the Scheme (including annual reports, annual benefit statements) by receiving in any form of communication, electronic or otherwise (including via **ivcm.com/nz-expat**), an electronic copy of the relevant document or an internet URL for access to an electronic copy of the relevant document. I agree that I will be deemed to have received the electronic communication (including via **ivcm.com/nz-expat**) on the next working day after it has been sent to me or my address through any of these forms of electronic communication (including via **ivcm.com/nz-expat**).
- My personal information that Ranfurly or any of its authorised agents obtains from me or any third parties (including Public Trust or Inland Revenue) or otherwise holds in relation to the Scheme:
 - o May be disclosed to and securely held by Ranfurly and any of its authorised agents (including any administration manager, investment adviser, investment manager or other professional adviser, and any insurer).
 - o May be transferred to Inland Revenue as required;
 - o May be used by Ranfurly or any of its authorised agents in developing and running the Scheme and may be disclosed if required by law.
 - o May also be used by Ranfurly or any of its authorised agents to provide me with information about products, accounts and services that they think might be of interest to me. If I ask Ranfurly or any of its authorised agents not to provide me with this information, Ranfurly or any of its authorised agents will comply with my request.
 - o I acknowledge that I have certain rights of access to and correction of information Ranfurly or any of its authorised agents holds about me.
- Terms defined in the PDS or Trust Deed have the same meaning in this application form.
