Definition and Interpretation.

For the definition and meaning of words and expressions please refer to the back of the document under “Definitions and Interpretations”.

Authorisation.

The adviser firm and advisers warrant that they have and will maintain all authorisations, permissions, authorities, licenses and skills necessary to carry out the activities under this contract and will in all respects comply with all appropriate legislation and regulation. For avoidance of doubt, this includes whether ensuring the chosen product is suitable for the client being introduced, or following a complaint from an insistent customer or execution only process. This includes transfers into any of the chosen schemes, from any Safeguarded Benefits Schemes.

The adviser firm and advisers acknowledge that they take full responsibility for any advice given (including regulated investment advice) to clients introduced concerning any assets held within any of the Pension Schemes, whether or not they are regulated investments, and warrant that they have the necessary jurisdiction permissions and that individual advisers have and maintain the relevant professional qualifications and continue to hold the Statement of Professional Standing.

If the Adviser or firm ceases to have jurisdictional authorisation, or its permission to conduct any class of business is revoked or suspended by the relevant authority, it agrees to notify IVCN immediately.

The Adviser Firm agrees to indemnify IVCN against any loss sustained as a result of it acting beyond the scope of its authority; from business introduced which is outside the scope of its Jurisdictional authorisation and from any other breach of these Terms of Business.

Relationship.

Nothing in these Terms and Conditions will operate to create a partnership, joint venture or employment contract between the Adviser and IVCN and nothing authorises any party to act as agent or bind the other in a way save as may be specifically provided in these Terms of Business.

The adviser firm and advisers are the agent of the Client when acting under these Terms of Business. If any of the companies as set out in these terms of Business considers it appropriate, they will communicate directly with Clients regarding their Pension benefits. TERMS OF BUSINESS

This declaration covers the responsibilities for each party in the establishment and ongoing operation of the retirement products defined in these Terms of Business. This sets out how the company will conduct our relationship with you and your clients in respect of their membership and the level of service you and your clients can expect to receive. It will also identify the responsibilities you and your clients have to ensure the smooth administration of your client's plan.

PART 1 - SETTING UP A NEW PLAN

Any application to set up a plan for a new client must be made using the appropriate Application Forms as defined by IVCM. Please note; the commencement and the establishment of any products will either take place on receipt of an application form with the client's wet signature, or via a scanned copy with original to follow. Please check the requirements of each product individually. A product specific New Business checklist will be provided which details all the documentation required for setting up any of the plans.

PART 2 - KNOW YOUR CLIENT

Prior to establishing a plan for a client, IVCM has an obligation to verify their identity in order to meet JMLSG (Joint Money Laundering Steering Group) standards, or the equivalent body in any other jurisdiction in respect of Anti-Money Laundering.

On receipt of an application full identity verification checks will be conducted. To facilitate these, you will be expected to provide one of the following:

- » Any Verification of Identity Form, completed in full and signed by a Regulated party, along with copies of the identification used to verify the client.
- » Certified copies of identity and residence (and where necessary, residential status) in accordance with AML policies as detailed in the Money Laundering section below.
- » Original documentary evidence of identity and residence (and where necessary, residential status) in accordance with AML policies as detailed in the Money Laundering section below.

PART 3 - MONEY LAUNDERING

The Adviser Firm and advisers shall adhere to all regulation and legislation, official guidance and rules on money laundering issued by the relevant regulator in the jurisdiction of the product and the Joint Money Laundering Steering Group in order to comply with Money Laundering Regulations. The Adviser Firm /Adviser will also comply with any Money Laundering issued by the UK, Australian, New Zealand and Gibraltar Regulators as well as any Money Laundering issued by Regulators in any jurisdictions they are authorised to give advice.

PART 4 - ADVISER CHARGES

It is your responsibility to agree with your client the level of adviser fees that you will charge for providing advice relating to the plan introduced. If these adviser charges are to be deducted direct from the client's pension scheme, then the details must be set out in the appropriate section of the Application Form. No Adviser Fees will be deducted from the client's pension scheme account without the client's express authority.

Where allowable, you and your client can elect for adviser charges to be determined on a fixed rate, or as a percentage of the client's fund, or a combination of both. Ongoing adviser charges (where permitted) will be deducted from the account in a manner consistent with the product's charging structure, either annually in advance or where a percentage of the fund is specified, this will be based on the valuation of the plan and calculated on a daily basis.

Where initial adviser charges are required, these can also be set at a fixed amount or as a percentage of the initial funds in the account. Initial adviser charges will be deducted and paid to you upon receipt of sufficient funds in the respective account.

Should you require payment of ad hoc adviser charges in respect of the plan, these can only proceed with a clear and detailed invoice co-signed by the client to indicate acceptance along with a clear breakdown of the charges made. Insistence will also be made that the work can be considered to be on a 'reasonable basis' prior to commencement such that the Trustees of the respective scheme can approve. Refer to the PDS and specific product literature.

None of the adviser charges deducted from a client's account are to be rebated to the client.

Adviser charges will be paid to your firm's nominated bank account set out on this declaration and written confirmation will also be sent to your nominated address. It is the responsibility of both you and your client to ensure that there are sufficient funds available in the Client's account to meet any adviser charges due to you. If insufficient funds are available, then no adviser charges will be deducted until such time as sufficient funds are made available.

PART 5 - OUR FEES & CHARGES

Details of any fees will be set out in either the product's Fee Schedule, subject to review every 1st January or in the Product Disclosure Statement and specific product literature issued from time to time.

Where a prescribed Annual Fee applies the first year's annual fee will be deducted as soon as funds are available, with fees in respect of subsequent years being deducted on the anniversary of the commencement of the plan. Any additional fees will be deducted once the relevant transaction has been completed. If a transaction is taking longer to complete than would otherwise be anticipated due to circumstances outside of the control of IVCM as defined in these Terms of Business, then the right is reserved to raise an interim fee in respect of work already undertaken. Such interim fees will be notified to you and the client prior to the fee being deducted.

It is the responsibility of both you and your client to ensure that there are sufficient funds available in your clients' respective default account to meet any fees due. If sufficient funds are not available after a period of 28 days from their due date, IVCM reserve the right to encash the respective sum from any investment or to issue an invoice direct to the client for the outstanding fees.

If a process has begun following a request for work to be done from the Adviser, and confirmed by the Client, this will be charged in full in accordance with the relevant fee schedule, even if the Adviser or Client cancels the request.

For the Australian and New Zealand regulated products where a percentage-based fee applies all Fees and Charges and Terms & Conditions relating to the product will be disclosed in the Product Disclosure Statement. Please ensure that this document is handed to each prospective member.

PART 6 - ACTING ON INSTRUCTIONS

Instructions will only be acted upon, following the receipt of specific written instructions (see below regarding e-mail and facsimile instructions) from the client, unless the client has previously issued authorisation to act on the instructions given by a third party, such as yourself. This authority must be provided on the Application Form or by express original ('wet signature') written and signed consent from the client, if designated post initial application.

Any alterations to any paperwork must be crossed out and replaced with the correct details and must in all cases be countersigned by the client. Paperwork altered by the use of liquid paper or a similar substance will not be accepted.

If an instruction is received from a third party without such authority, the client will be contacted directly in order for them to verify the instruction; such verification should be

made in writing.

PART 7 - COMMUNICATIONS

Where IVCM has been notified of an appointed Adviser in respect of the client, all correspondence in respect of the client's plan will normally be issued directly to the Adviser Firm, unless instructions have been provided to correspond directly with the client. Where no such Adviser can be identified, correspondence will be directly with the client.

Certain documents need to be sent directly to the member due to regulatory requirements.

PART 8 - TRANSFERS

Plans may be able to accept transfers from other registered pension schemes. If your client wishes to transfer any previous pension benefits into their plan, the requirement will be for the Application Form (if at initial application), or Transfer In Form (for transfers after inception) to be completed in respect of each transferring scheme/plan providing details of the transferring scheme and giving IVCM authority to approach the scheme on behalf of the client.

It is likely that the receiving scheme will require transfer discharge forms completed by the client, which will be forwarded to you to arrange their completion with the client. For regulated transfers of Defined Benefit schemes, where guaranteed safeguarded benefits will be lost, a further declaration may be required.

You will be kept informed as to the progress of the transfer, and when the transferred funds have been received and are available for investment.

IVCM has the right to decline a transfer where the funds are illiquid, or the transferring scheme has a potential liability for tax charges.

PART 9 - CONTRIBUTIONS

Personal contributions from the client must be accompanied by a completed Contributions Form specific to the product. A new form must accompany any new single contribution, or new schedule for regular contributions.

TERMS OF BUSINESS

PART 10 - TAKING BENEFITS

Members of any of the pension products have neither entitlement to benefits, nor access to their pension funds before the minimum retirement age of 55, except in the case of serious ill-health.

If your client wishes to take benefits from their plan, the client will be required to complete the product specific Benefit Request Form. With regard to any SIPP it is essential the form is completed fully and that it contains the information required to check the client's Lifetime Allowance position and account for any Lifetime Allowance Charge that may be due where appropriate. Failure to complete the form will result in a delay in the payment of any benefits to the member. Refusal to provide the information will mean an assumption that the member does not have any Lifetime Allowance remaining, thereby resulting in a Lifetime Allowance Charge being deducted from the member's benefit.

It is the responsibility of both the Adviser and the client to ensure there is sufficient cash available in the client's product bank account to meet the benefit payments otherwise the respective Trustee will disinvest as they deem appropriate.

PART 11 - NON-COMPETITION

Where an application is received to set up a new plan for your client we, the companies listed under these Terms of Business agree not to approach the client, with a view to engaging in an ongoing relationship with them for the provision of advice or other services, other than those necessary to conduct the ongoing administration of the client's plan.

PART 12 - SERVICING RIGHTS

If a client moves to a jurisdiction in which you do not have the appropriate license or permissions, your servicing rights to that client will cease, along with any ongoing Adviser fees from the product.
