Frequently Asked Questions

What is covered by the “annual fee”?

Routine administration in respect of services provided by PSG SIPP Limited (the Scheme Administrator).

The fee includes but is not limited to:

- Annual regulatory reporting
- Annual valuations
- Annual Statutory Money Purchase Illustration (SMPI)
- Forwarding essential correspondence
- Banking transactions e.g. banking cheques for contributions, dealing with BACS/CHAPS transfers. Please be aware that banks may charge their own separate fee for CHAPS payments
- Liaison with third party providers of assets and services
- HMRC reporting requirements
- Revisions to legal documentation due to changes in legislation

What are in-specie transfers?

The transfer of an asset other than cash to another pension scheme or from another scheme to your Active DFM SIPP. These are complex transactions and can be complicated for us to co-ordinate. The speed at which they complete is largely dependent on the provider the in-specie transfer is coming from. The fees are reflective of the complexity of an in-specie transfer.

What are non-standard investments or assets?

An investment or asset which cannot be accurately valued and readily realised within 30 days. They are not FCA regulated or traded on a recognised exchange or market. For example: private company shares, unlisted shares, loans to third parties etc.

What is a gated or suspended investment?

An investment fund from which withdrawals are temporarily blocked.

Do investment fees include stockbroker fees etc.?

No. Our investment fees are charged only for the work undertaken by us. Any stockbroker, investment manager or other third party fees may be charged separately by the third party involved in the transaction.

Where a fee is time cost, how much will this be?

All flat fees quoted are those that we would seek to charge in normal situations. However PSG SIPP Limited reserves the right to charge higher fees when the circumstances are unusually complex and/or time consuming. As the situation may not always be apparent at the outset, we will use our best endeavours to advise you as soon as possible if additional fees become payable. In the event that services not covered in this schedule are required, we reserve the right to charge additional times on a time cost basis and an estimate of fees will be provided before any work is undertaken. Time cost fees range from £250 to £600 per hour plus expenses such as travelling.

Why are there charges for opening additional/alternative bank accounts?

There is a streamlined process in place for opening the default SIPP bank account. To open accounts with other banks, we are required to complete additional paperwork and the fees charged covers this and liaising with the bank to open the account.

Does PSG SIPP Limited receive commission or income from any providers?

No

Are charges refunded if I transfer out?

No fees will be refunded in part or full when a transfer out is initiated. This includes, but is not limited to, establishment, annual, borrowing and property fees.

When are charges payable?

Annual fees are payable in advance. All other fees are due upon the completion of the transaction. If work has been requested and is cancelled or does not proceed for reasons outside our control, the full fee remains due and no refunds or part refunds will be made. This includes transfer out request cases.

Will the charges increase?

Annual fees may be increased each year in line with Average Weekly Earnings (AWE) for the previous calendar year. We will give 30 days' notice to you or your financial adviser if we increase annual fees above this rate or if we increase any other fees.

How are the charges paid?

An invoice will be issued to the Member or financial adviser 7 to 14 days before the fees are due to be deducted from the SIPP.

What financial adviser charges are payable?

Any charges between you and your adviser should be agreed in advance and be clearly defined in the application form and any subsequent forms relating to a change of financial adviser.

Please ensure you discuss and understand the fees your adviser is charging. Any fees we are instructed to pay can only be in relation to advice or services provided to you by your adviser solely in connection with your SIPP.

Does the Active DFM SIPP retain any interest into the underlying cash account?

All interest remains with the Member.

What happens if I disinvest from the DFM service?

Disinvestment from the DFM service will result in the SIPP reverting to the standard Brooklands SIPP fee schedule.
